Best Practices for Posting Listings on Gulf /News Classifieds

Whether you're selling a property, offering a service, or looking for a job, posting an effective listing is key to attracting the right audience. Follow these best practices to maximize visibility:

1. Use High Quality Images

Visuals drive engagement. For real estate, include multiple angles of the interior and exterior. For vehicles, capture the dashboard, engine bay, and exterior details. For services, use professional headshots or branded photos.

2. Write Clear, Concise Headlines

Your headline should convey the main selling point—e.g., "Luxury 3 Bedroom Villa in Dubai Marina – 10% Off Rent." Avoid vague titles; specificity attracts serious inquiries.

3. Provide Detailed Descriptions

Include all relevant details such as size, amenities, location, price, and contact information. For services, outline the scope of work, pricing structure, and any guarantees.

4. Highlight Unique Selling Points

What sets your listing apart? Mention proximity to public transport, recent renovations, or special offers. For jobs, emphasize benefits, growth opportunities, and company culture.

5. Use Keywords Wisely

Incorporate relevant keywords naturally—such as "Dubai real estate," "vehicle sale Dubai," or "Dubai job

openings”—to improve searchability without keyword stuffing.

6. Keep Contact Information Updated

Ensure your phone number, email, or messaging handle is current. Prompt replies increase the likelihood of converting inquiries into appointments.

Tips for Buyers and Service Seekers in Dubai

While Gulf News classifieds provide a wealth of information, buyers and service seekers can still benefit from a few extra steps to ensure a smooth transaction.

1. Verify Credentials

For services, check the provider’s credentials, certifications, and reviews. For real estate, verify ownership documents and ensure the property is free of liens.

2. Conduct Due Diligence

Schedule a site visit or a virtual tour if possible. For vehicles, consider a pre purchase inspection.

3. Negotiate Wisely

Use Gulf /News’s messaging system to negotiate terms. Keep all communications documented for reference.

4. Understand Local Regulations

Dubai has specific rules for property rentals, vehicle registrations, and business licenses. Familiarize yourself with these to avoid surprises.

5. Leverage the Appointment System

Use the platform’s appointment feature to schedule visits or consultations. This reduces back and forth emailing and keeps all parties organized.
